

NINE MOONS

PIERCING

Mandatory Health and Safety Protocols for COVID-19

Nine Moons Piercing is a welcoming studio that offers luxury jewelry and premier, professional piercing services for all of our clients. We have always maintained the highest caliber of health and safety precautions; our entire staff are members of the Association of Professional Piercers and we are always learning and continuing our education and certifications in everything from gemstones and jewelry materials to cross-contamination to microbiology to staying updated on local and international safety protocols. We are implementing the following temporary protocols throughout this pandemic for staff and client safety:

NO WALK-INS FOR ANY REASON

Appointments are required for any services and viewings.

BE ON TIME

Clients will be permitted into the studio at the exact appointment time.

ONLY 1 PERSON PER APPOINTMENT

No group appointments or moral support allowed in order to minimize occupancy. No one under the age of 18.

TEMPERATURE CHECK & HAND WASHING REQUIRED

Upon arrival, the receptionist will check you in and instruct you to properly sanitize.

MASK MUST BE WORN AT ALL TIMES

While in the studio, masks are required. No exceptions.

NO PIERCINGS THAT REQUIRE MASK REMOVAL

At this time, nasal or oral piercings will be temporarily suspended until "no mask" orders are lifted. This is for staff and client safety, as well as healing purposes.

IF FEELING ILL, PLEASE RESCHEDULE

If you are feeling ill, have a fever, or have been exposed to anyone with COVID-19, please reschedule your appointment.

We have extended appointment times to ensure the safety and stellar experience for each client. Extended time will allow us to properly disinfect all areas in between each appointment.

Note: Due to the above safety protocols, if you arrive late to your appointment, we reserve the right to deny services at that time and will happily reschedule a new day and time for services.
